Subj: Kevin Singleton Assembly

We were very fortunate to have been selected as one of a handful of high schools selected for this special assembly with Kevin Singleton on February 03, 2009. Our goal was to motivate students for 2nd semester, and upcoming CAHSEE exams and College Board exams. Mr. Singleton performed to a packed gymnasium of 10th and 11th graders.

His inspirational message was delivered in an engaging manner capturing the interest of all students. His ability to perform basketball techniques, speak and perform musically made a tremendous impact on our students. I am confident that students took away a very powerful message that will follow them through life.

It was truly the best assembly we have at Madison since I've been principal!

Many thanks and we hope you will return to Madison.

Sincerely,

Carol D. Whaley
Principal
